TOMPELLEGRINO

A Message From The Mayor

Dear Neighbor,

It's still happening in Port North!

Our charming little Village is undergoing change . . . for the better, mush, much better.

The Lewis Oil tank farm has given way to a modern and exciting new super, supermarket. We were on hand to cut the ribbon and celebrate with our neighbors as the super Stop & Shop opened its doors and created a new center of activity in our Village.

And Port North Village Hall is now right in the middle of the excitement. We have moved our offices to the Stop & Shop Plaza and can be found right next to Petland in the corner of the former Delco Center: 71 Old Shore Rd. Please stop by and say hello.

Also, please join us at our Annual Meeting and Budget Hearing, Monday April 19, 7:30pm at the Manorhaven Village Hall, 33 Manorhaven Blvd.

The work of our Village Club Commission is well underway as they plan not only our new Village Club but a new Village Hall both to be built with funds and on land contributed by Mill Pond Estates – that means no tax money will be needed.

In order to adequately design our Village Club to meet the needs of our residents, the Village Club Commission has asked all households in Port North to complete our survey. If you've not already done so, please turn the page, fill out the survey form and fax or mail it back. Your input is important to us.

There you have it: a new Stop & Shop, a new Village Hall – in the corner of Stop & Shop Plaza, and a new Village Club on the way.

Port North continues to thrill me with excitement and smiles.

Finally, on behalf of the Board of Trustees, it's a pleasure building the new Port North for all of us. Please keep in touch.

Neighborly yours,

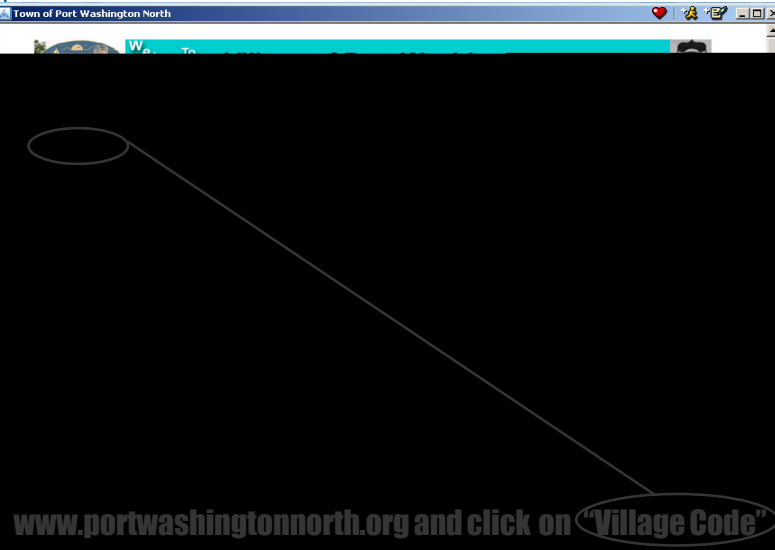

Mayor Tom Pellegrino

The Village Code Is Now Online

You can access the local laws of Port Washington North by going to our website at Portwashingtonnorth.org and clicking on the top left button "Village Code."

THE PORT NORTH VILLAGE CLUB

With an overwhelmingly favorable response to the Village Club concept, we are quickly moving ahead with our plans to build a pool club for Port North residents.

The year-round facility will also house as a new Village Hall and will be built with one time revenue provided by fees from commercial interests and will not require any increase in Village taxes.

However, we need to get a broader base picture of the needs and intended participation of all our Village residents.

If you support the idea of an exclusive recreational facility for the use of Port North residents, it is essential that you return the survey on the adjoining page.

Please take the time and return it.
See you at the pool!
