2023-2024 Upcoming Projects

DIY Clean Up Stations

Residents Forward recently unveiled two additional DIY Cleanup Stations at Bay Walk Park. This project is the brainchild of Marlene Friedberg and is in memory of her son Brett who attended Hobart and William Smith College and double majored in Economics and Environmental Studies.

The stations are aesthetically pleasing and follow a theme, are educational, and provide easy instructions and most importantly are a memorable memorial for Brett. Passersby can grab a bag and a glove and clean up litter anytime.

Road/Path Resurfacing Project

It is important to keep our Village at a high standard of infrastructure and service. We will be repaving the entire Bay Walk Path and installing decorative pavers. In addition, we've included in the budget for 2023-2024 the resurfacing of the following roads:

- Marlin lane
- Angler lane
- Seagull lane
- Schooner lane
- Waterview drive
- Balance of Smull Place
