Dear Sirs:

If future surveys prove our Fence to be located on adjacent property, the undersigned agrees to the following:

1. The fence will be relocated promptly to our property at our expense.
2. We have no intention of filing adverse possession claims now or in the future related to the area enclosed by the subject fence.
3. The Incorporated Village of Port Washington North is indemnified from any claims arising from this matter, specifically with regard to claims arising from disputes over property lines.

We specifically do not relinquish any rights or possession of land not enclosed within the fence lines and we will advise those who are responsible for this property in the future.

Very truly yours,
